2	15-Jul-25	Infection Control SOPs and Policy	Infection control policies, SOPs, and processes to be reviewed by the ICO, and all the recommendations to be shared with MS. The ICN is tasked with reviewing the HIC Standard Operating Procedures (SOPs) to ensure that they are aligned with existing policies and practices.	ICO and ICN	Ongoing		
3	15-Jul-25	Antibiotic policy	Prophylactic Antibiotic policy discussion with MS	ICO	Ongoing		
4	15-Jul-25	Infection Control KPIs	The HIC indicators were reviewed, and the 3 551 report for June 2025 was presented. Additionally, both the Root Cause Analysis (RCA) and Corrective and Preventive Actions (CAPA) were discussed. • It has been observed that the door opening mechanism in the operating rooms during surgeries needs strengthening to ensure optimal functionality and safety. • The pressure monitoring gauge in Operating Theatres 1, 2, and 3 is currently non-operational. It is essential that this equipment be repaired at the earliest opportunity to maintain the standard of care we provide.	Maintenance/Operations/Dr. Gurpreet Singh Popli			
5	15-Jul-25	Wound care at home instruction	• Wound care at home should be included in the post-discharge instructions as part of the discharge summary to ensure better care after leaving the hospital.	Dr. Meenakshi Mittal, Dr. Anupriya			
6	15-Jul-25	Antibiogram	The antibiogram is presented from January 25 to June 25. The same PPT will be shared with all the consultants.	ICN			
7	15-Jul-25	Trolleys to be arranged for the ICU	All liquid waste from the operating theatres and ICUs should be disposed of in the dirty utility. A diluted hypochlorite solution must be available for 24 hours to disinfect urinals and suction jars at the disposal point.	HK/Operations/ICU/OT team			
8	15-Jul-25	Vaccination to be provided	During the meeting, we addressed vaccination compliance, noting that we are compliant with vendor staff. However, it is essential to clarify the vaccination policy for on-role staff at CKBH, particularly concerning cost considerations.	HR/MS
